

We Keep Operational Problems from Becoming Executive Problems

End-to-end operational transformation for government, commercial, and regulated organizations.

WHO WE ARE

DuraBante LLC is a **Service-Disabled Veteran-Owned Small Business** that helps organizations keep operational problems from becoming executive problems. We provide end-to-end operational transformation through organizational improvement, business resilience, training development, AI-enabled solutions, and compliance support. Our approach bridges the gap between strategy and execution, helping clients reduce risk, improve performance, and implement practical solutions that are adopted, sustained, and scalable.

HOW WE HELP

A

Organizational Transformation & Process Optimization

- Process mapping & workflow analysis
- KPI development & performance management
- Operating model design
- Bottleneck & inefficiency reduction

B

Business Resilience & Continuity

- COOP / BCP
- Crisis management & incident response
- Training & exercise facilitation
- Risk & resilience program development

C

Training Development & Workforce Readiness

- Custom training programs
- Instructional systems design
- LMS support & deployment
- Train-the-trainer programs

D

Cybersecurity, Compliance & AI-Enabled Solutions

- Compliance support & audit readiness
- Policy & procedure development
- Risk assessments & remediation
- Automation & AI-enabled process improvement
